# City Walk

In a city-walk event, people from that city meet in one place and decides where to go and what to explore where they haven't been to yet.

To decide where to meet, you can start a thread in the askAnything section of the community application.

Types of places, things can be anything from enjoying the sunset sitting on a rock to helping people in the city.

# Sports Day

Let's play!

Put aside a weekend and play together some sports to stay fit and healthy. In this type of events you can also organize one with kids too.

Sports not only help us to stay healthy but also makes us a better human by teaching team power and competency.

# Skill Sharing

Conduct a free skill-sharing event at some school or some cafe or anywhere in the city to share whatever you could or if you know someone can share.

Sessions could be on anything as long as it teaches something new to the audience. These events will require a group effort to conduct so meet and decide who would contact and ask for permission to do so.

# Welcome to the City

This kind of event can be organized by an individual or in a group. If you're meeting someone from the community in your city for the first time, it's a welcome event.

Treat everybody in the community as your own guests or friends to make them feel special. Just like you're welcoming your friend who've just arrived home.
